

Warner's Nursery's "We Plan, You Plant Service"

Can you picture the garden of your dreams but need help with the layout? Warner's We Plan, You Plant Service is the answer! Designed for the do-it-yourselfer and weekend warrior, this service will include a one-on-one consultation at the garden center with one of Warner's fully trained experts. At your private appointment, we will first walk with you through our garden center so you can personally choose plants of your liking. We will then take your drawing and add plants according to your specifications. We will take into consideration your location and the many challenges of gardening in Northern Arizona and help you create the perfect space.

Please fill out this brief survey and fax or e-mail it to us along with a drawing or sketch of your yard at least 24 hours prior to your appointment.
